This is YOUR PERSONAL INVITATION...

Dear Partner,

This letter is a personal invitation from me to you... I'm inviting you to take a very exciting journey with me... I'm inviting you to join me on a *Journey Into The Miraculous*. And the best part of this journey is that **the God of More Than Enough has already paid for your ticket!** You don't have to buy any new clothes and you don't even have to pack... The only three things required for this journey are an open mind, an open heart, and a *passport* to document your journey.

As the guide on this journey, I'm committed to doing everything within my power to help you experience every benefit of our trip to its fullest... Throughout the days ahead I believe you are going to see some things for the very first time. **So get ready for an exciting time.** Along the way, there may also be some exciting sights, sounds and road markers you've seen before. When we pass alongside these, we'll stop, dust off the great memories of those battles through which God has victoriously brought us, and then we'll move forward in praise and celebration...

For the next few minutes, I want you to do something that will make our journey much more comfortable... **I want you to lay aside all the "stuff" going on in your life right now,** find a comfortable chair with plenty of light to make reading this letter easier, and then I want you to join me in taking the very first steps on our journey into the miraculous.

As we begin, **I want to thank God for you...** *"Heavenly Father, I thank You for the prayers and support of the Partners of this ministry through which You have brought us together as brothers and sisters in You. Father, because there is no time and distance in your world, I know you will direct our every step as we begin our journey into Your miraculous. Open our minds... And open our hearts to Your direction as You guide our every step. Help us to understand Your Word... And when we come to any area in which we are challenged, reveal Yourself to us... Expand our thoughts, challenge our spirits and then strengthen us as we move into a greater understanding of the victory plan You have for us... Open our spiritual eyes that we might fully see who we are in YOU! We commit to be faithful stewards of everything You teach us, show us, and do for us on our journey into the miraculous life You have for us... Father, I pray this prayer of faith in Jesus' name, Amen.*

(over)

Now, in these very first steps of our journey into His miraculous, let's cut through all the junk the world has tried to pile on this fact and get right to the root of the truth God has for us... ***God wants us to walk in His divine health as part of our Covenant rights.*** It's right here that we have arrived at one of those "rightly dividing" points on our journey... **Just because most of us are not there yet takes NOTHING AWAY from the fact that divine health is ours.** It was bought and paid for by Jesus Himself.

The blood from the stripes that cut through the flesh of His back paid for our healing. It was there, at that point in His miraculous plan for us that we were healed... And since we **WERE** healed, we **ARE** healed. "*By whose stripes you were healed*" (1 Peter 2:24 NKJV). It is here that Jesus confirmed the prophecy spoken of Him by Isaiah that we could be healed because of His wounds and His death on the cross in our place. **Healing is part of our new and better Covenant rights.** And as blood-bought children of the Most-High God, we should settle for **NOTHING** less.

IT'S TIME TO shake off tradition... It is here that we must settle once and for all how we respond to our "feelings". We roll out of bed in the morning, and if our joints give a little twinge, we immediately give that "feeling" a name... Could it be tennis elbow? But then you realize you don't play tennis... So, it must be arthritis... **Your mind immediately generates those pictures from the last television commercial you saw...** ARTHRITIS. This could be bad. That's when doubt hitches a ride on your emotional wave, and if you're not careful, it will find safe harbor in your mind... You'll know when that happens because you'll find yourself talking with your friends about arthritis and how it's affecting you.

There is a better way... You roll out of bed in the morning... You feel a little twinge in the joints... **Stop right there and have a conversation with the God** who sent His Son to pay for your divine health... You identify the source of the "twinge" and quickly recognize that the enemy of your health, the enemy of God, Satan himself, is taking a shot at God...

Let's stop here long enough to expand on that... You see, **Satan holds God and the works of Jesus in such contempt that he'll do anything to try and discredit them.** However, knowing he has no power over any member of the Trinity, he takes his shots at you and me—those for whom God cares deeply. When the enemy of your success in Christ attacks you, he is actually lashing out at God. And when that happens, all you have to do is ACT on your faith in what Jesus did for you when He took the stripes on His back for your healing.

While we're here, let's settle another issue for the record... **God is not going to bring arthritis upon your body to teach you a lesson.** He simply doesn't do that... And the fact that there are millions of people who believe God actually makes people sick to teach them a lesson is just another example of the "junk" the devil and his crowd have tried to get you to believe so you will doubt that YOU can move into God's divine health.

You may be asking, "***How did such an outlandish teaching work its way into the Body of Christ?***" I'm so glad you asked! It was accomplished through a sinister spin of a phrase by the

devil himself, and then taught to believers by wolves dressed in sheep's clothing—men and women, unsure of their own position in Christ, giving themselves an escape in those times of their own uncertainty about God's power to fulfill His Word concerning divine healing.

Think about it... If I told you God was going to use arthritis to teach you a lesson, it might sound like I could be right. But, the Word records in Genesis 50:19-20, "But Joseph said to them, "Do not be afraid, for am I in God's place? As for you, you meant evil against me, but God meant it for good in order to bring about this present result..." **You see, the devil was using Joseph's brothers in a sinister plot to kill him...** However, God had others plans for Joseph and even used camel traders to accomplish His plan... Nothing has changed in the way God fulfills His Word. **God is still taking what the devil means for your harm and using it for your good.**

We've got to pause right here long enough to see how those words, "**God will take what the devil means for your harm and use it for your good,**" became twisted and actually became part of the devil's plan to sow doubt and confusion among believers. All he had to do was run those same words through a couple of generations of teachers who were not totally aware of their position in Christ, and by dropping the reference to him, the devil, you have, "**God will take harm and use it for your good.**" When you take away the fact that the harm came from the devil, you can easily take the next step in believing that maybe God is using the bad in your life to teach you a lesson... It might even sound like God brought sickness into your life to teach you something... **IT'S A LIE** and you and I must NOT buy into it!

What you are about to read is very blunt... **However, I believe it will help you settle this issue once and for all time...** Ask yourself if the God you and I serve, the God of the universe, would have to resort to **causing** one of His children, on her way to work on a rainy morning, to lose control of her car, slide across the center line, slam head on into an oncoming car, putting her in the hospital for months of healing and rehabilitation just to prove His Word to her. Let's settle this point concerning God's divine healing for YOU... God is NOT going to make you sick so He can heal you just to bring you closer to Him. **It's just NOT the way He works.**

Now that we're moving ahead on our journey into His miraculous, we must be "walking toward" God's abundance in **every area** of our lives, and it's up to you and me to "**walk it out**" day by day. Whatever we're facing, we must begin taking action steps of faith right now... And while sometimes those steps may appear to be baby steps, that's OK too. The victory comes in moving **forward** through steps of faith... Do what you can do and expect God to honor your faith with His healing power. He wants you to be whole. It's His plan for your life. It would be very difficult to make the words of Exodus 15:26 any plainer... "**I am the Lord who heals you.**"

Right here would be a great place to settle another issue... We must decide if the words **God never changes; He has always been a God of healing** are an absolute, or, if there might be

(over)

some wiggle room in there for another point of view... **THERE IS NO WIGGLE ROOM** in these words: “*He was pierced for our transgressions, he was crushed for our iniquities; the punishment that brought us peace was upon him, and by his wounds we are healed*” (Isaiah 53:5 NIV).

THERE IS NO WIGGLE ROOM in these words: *He forgives all my sins and heals ALL my diseases. He fills my life with good things*” (Psalm 103:3,5 NLT).

IT’S TIME to ask the **BIG ONE**, “*Is divine healing really for you and me?*” The leper in Matthew 8 asked the same question. “*Then a leper appeared and went to his knees before Jesus, praying, “Master, if you want to, you can heal my body.” Jesus reached out and touched him, saying, “I want to. Be clean.” Then and there, all signs of the leprosy were gone*” (Matthew 8:2-3 MSG). In this passage, Jesus forever settled the question: Is it God’s will to heal me? **YES! He wants to make you whole.**

In case someone tries to tell you that healing is only for a select few and no one really knows who those people are and why they’re healed, I challenge you to step back from the case of the leper just so you’ll see that his healing was not an isolated incident recorded in the Bible to create more questions than answers... **Jesus never turned anyone away who came to Him for healing.** And because He’s the same today as yesterday, and because He is no respecter of persons, **He is still healing people today.** You have His Word on it: “*The thief comes only in order to steal, kill, and destroy. I came that they may have and enjoy life, and have it in abundance (to the full, till it overflows)*” (John 10:10 AMP).

Is sickness something that’s giving you life......or is it stealing from your life? At this point on our journey, I believe you’ve already answered that question... Is it destroying your life? Is it trying to kill you? Then it’s not from God and has no “right” to do what it’s doing to you—physically, financially, emotionally, in relationships, or in any other way!

THIS IS YOUR TIME for healing and restoration... **THIS IS YOUR TIME** to throw any “junk-thinking” out of your mind as you move into God’s river of healing. **THIS IS YOUR TIME** to **ACT on your faith** in the fact that **THERE IS NO WIGGLE ROOM** in these words: “*He was pierced for our transgressions, he was crushed for our iniquities; the punishment that brought us peace was upon him, and by his wounds we are healed*” (Isaiah 53:5 NIV).

RIGHT NOW the God of More Than Enough—**The Healing Jesus**—is ready to move in your life. I challenge you to take four steps that will move you right into the middle of His healing flow:

- 1. ACT ON YOUR FAITH** in His ability to fulfill His every promise in your life...
THIS IS THE TIME TO praise God for who He is and for the work He is doing in your life right now. I challenge you to praise Him for the things you SEE that He is doing and then step into faith and praise Him for those things He is doing that you can’t see. Praise Him for His protection... This is the time to celebrate your relationship with God.
- 2. GIVE HIM PERMISSION** to move in every area of your life...

Turn over ALL the keys to ALL the doors in your life, even the doors to those secret places if there are any hurts, disappointments or resentments hidden away and give God free reign to move in EVERY area of your life.

3. BE AN ACTIVE PARTICIPANT in His healing and wellness plan for your life...

If there are things you know you should be doing to speed your healing, then I challenge you to ACT on that knowledge. If the doctor has told you to do something and there is no specific word from the Lord telling you not to do it, then do what is good for your health and become an active participant in the healing God has for you.

4. BE a LIVING WITNESS by telling others your healing is a part of your Covenant rights.

This is one of the most exciting parts of God's Divine Health plan. Think about it. You find a good buy at the store and you just have to tell someone... You get a good deal on a repair job and you just have to let your family and friends in on it. How much more should we be telling our family and friends how the greatest repair job you have ever seen took place when God removed sickness from the body and restored broken parts to better than new...

As you complete and return the *Journey Into His Miraculous Prayer Sheet*, I challenge you to use your response to CHALLENGE YOURSELF. And as you bring a **Celebration Offering** unto the Lord, I challenge you to make it an offering that is significant to you. For if your gift is significant to you, then it is significant to God.

Once again I have done my best as a faithful steward to share what God has placed in my spirit concerning divine healing. I pray you will allow these truths to take root in your spirit as you respond in true miraculous faith. I look forward to our journey together into His Miraculous... And I look forward to hearing from you.

A personal challenge from Richard Roberts

I trust you have received the RUFF MIX of our latest single *More Than Enough*. I just received word from one of our partners who has added it to his daily schedule... Every morning, on his way to work, he listens to the entire CD. He told one of our ministry team members that he is hearing something NEW EVERY DAY. He's telling us that as he is letting the words take root in his spirit they're literally changing the way he looks at everything throughout that day... Here's **YOUR CHALLENGE...** I challenge you to listen to the entire CD, *More Than Enough*, both the song AND the teaching, every day for the next 30 days, and then let me know what God is doing in your life. I believe He is going to use the message on this CD to show you how to tap into the storehouse of the God of MORE THAN ENOUGH! -- RR
